

Ultratec Special Effects Inc.

Ultimate Extra Dry Snow Fluid

MATERIAL SAFETY DATA SHEET

Effective Date: April 2012

SECTION I - PRODUCT IDENTIFICATION AND PREPARATION INFORMATION

Product Name: Ultimate Extra Dry Snow Fluid

Product Use : Snow fluid

T.D.G. and DOT Classification : Not regulated

Manufacturer Name and Address:

Ultratec Special Effects Inc.
1960 Blue Heron Drive, London
Ontario N6H 5L9

Supplier Name and Address:

Refer to manufacturer

Prepared By : Technical Services

SECTION II - INGREDIENTS

Ingredients

No Hazardous ingredients

SECTION III - PHYSICAL DATA

Boiling Point (deg C): 100

Vapour Pressure (mm Hg) : As for water

Evaporation Rate (Water = 1) : Similar

pH (as supplied) : 7-7.5

Appearance and Odour : Low viscosity liquid with mild odor

Specific Gravity (H₂O = 1) : 1.00

Vapour Density (Air = 1) : Similar

Solubility in Water : Soluble

Physical State : Liquid

SECTION IV - FIRE AND EXPLOSION DATA

Flammability: Not applicable.

Flash Point (deg C, TCC) : None

LEL Not applicable

UEL Not applicable

Hazardous combustion products: Not applicable.

Extinguishing Media : Treat for surrounding material.

Special Fire Hazards : None known to us at this time.

SECTION V - REACTIVITY DATA

Conditions for Chemical Instability : Stable.

Incompatible Materials : Strong oxidising agents.

Hazardous decomposition products: Not applicable

=====

SECTION VI - TOXICOLOGICAL PROPERTIES

=====

Route of Entry: Eye, skin contact, ingestion.

Effects of Acute Exposure :

Eye: Contact can cause mild to moderate irritation.

Ingestion: May cause vomiting, headache and other medical problems.

Effects of Chronic Exposure:

Skin: Prolonged or repeated exposure may cause drying.

Carcinogenicity: Non-hazardous by WHMIS and OSHA criteria.

=====

SECTION VII- PREVENTATIVE MEASURES

=====

Protective gloves: Not normally required.

Eye protection: Not normally required.

Respiratory protection: Not required.

Other protective equipment: As required by employer code.

Engineering controls: General ventilation normally adequate.

Leak and Spill Procedure: Before attempting clean-up, refer to hazard data given above. Small spills may be absorbed with non-reactive absorbent and placed in suitable, covered labelled containers. Prevent large spills from entering sewers or waterways. Contact emergency services and supplier for advice.

Waste disposal: Review federal, provincial, state and local government requirements prior to disposal.

Storage Requirements: Store in a closed container. Store away from incompatible materials.

=====

SECTION VIII - FIRST AID

=====

Eye contact: Immediately flush with water for 15 minutes. Call a doctor if irritation persists.

Skin contact: Flush with water. Call a doctor if irritation develops.

Inhalation: Remove to fresh air. If symptoms persist, call a doctor.

Ingestion: Do not induce vomiting. Rinse mouth with water, then drink one glass of water. Contact a doctor immediately. Never give anything by mouth if victim is unconscious, is rapidly losing consciousness or is convulsing.

=====

Disclaimer

Information for this material safety data sheet was obtained from sources considered technically accurate and reliable. While every effort has been made to ensure full disclosure of product hazards, in some cases data is not available and is so stated. Since conditions of actual product use are beyond control of the supplier, it is assumed that users of this material have been fully trained according to the mandatory requirements of WHMIS. No warranty, expressed or implied, is made and supplier will not be liable for any losses, injuries or consequential damages which may result from the use of or reliance on any information contained in this form. If user requires independent information on ingredients in this or any other material, we recommend contact with the Canadian Centre for Occupational Health and Safety (CCOHS) is Hamilton, Ontario (1-800-263-8276) or CSST in Montreal, Quebec (514-873-3990).
